STATEMENT OF CLAIM

- 1) On January 16, 2007, at approximately 1:45PM, I was placed in plastic flexcuffs behind my back by 2nd watch Ad-Seg C/O for the purpose to be escorted to the M.R.I. trailer. I was then escorted from the 3rd Tier down to the 1st Tier and placed in a one-man standing cage while in the plastic flexcuffs. I was kept waiting until 3rd watch came on duty(2PM).

After awhile, Sgt. Greer approached the cage and asked me "Why are you in the cage?" I explained to him that my arms hurt from the flexcuffs and had been waiting for a long period of time to be escorted for an M.R.I., and if he could please take off the flexcuffs while I wait. He told me would not take them off. (See California Code of Regulations [CCR] Title 15, Division 3, Sub-chapter 4, Article 1.5, Section 3268.2(b)(3) Mechanical restraints shall not be applied in a way likely to cause undue physical discomfort or restrict blood flow or breathing.) He then got on the phone, called the 3rd Tier C/O's and instructed them to come down and escort me to the M.R.I. trailer.

About 20 minutes later, Sgt. Greer walked by and noticed that I was still in cuffs in the cage waiting for the 3rd Tier C/O's to come and escort me. He promptly walked over to the phone again. In an irate tone, he ordered the 3rd Tier C/O's to immediately come down and escort me to the M.R.I. trailer. At approximately 2:20PM, C/O Dietrich and C/O Weaver came down to escort me. At this point, I had spent 35 minutes locked in a one-man, standing cage, with my hands tied behind my back, with flexcuffs.

- 2) I noticed that C/O Dietrich was irritated and his demeanor was unprofessional. On route to the M.R.I. trailer, he stated that I "was holding up his program". When we arrived at the M.R.I. trailer, the technician told C/O Dietrich that my hands needed to be placed in the front in order to proceed with the M.R.I.. C/O Dietrich then left the trailer to find something to cut off the plastic flexcuffs. While he was gone, C/O Garza, who was working at the M.R.I. trailer, called "O" Wing (Ad-Seg) and spoke to C/O Stricklin. C/O Stricklin stated that she would be right out with the proper tool to cut the flexcuffs.

C/O Dietrich returned with a pocketknife, but C/O Garza told him that the proper tool was on its way. C/O Dietrich gruffly declared that he was not waiting and that he was going to cut off the flexcuffs with the knife that he got from C/O Garcia. (See CCR Title 15, Div. 3, SC. 4, Art. 1.5, Section 3275(a) WEAPONS: Only such weaponry as has been approved by the Director for department-wide use, or for use only by designated jurisdictions of the department, shall be issued/assigned to an employee or carried/used by an employee while on duty.)

I spoke up, "I hope you don't cut me." C/O Dietrich then aggressively and roughly held my arm with one hand as he started cutting the flexcuffs with his other hand. I felt a sharp pain in my lower left arm, which was where he cut me with the knife. I stated in a frightened tone,

"You got me!" Immediately, the M.R.I. technician started placing gauze and medical tape on the cut to stop the bleeding. My hands were cuffed in front of me to continue the exam. During the course of the M.R.I. exam, I was in intense pain due to the knife cut and I had to hold my arm with my right hand to keep it from bleeding.

At about 3:05PM, C/O Dietrich and C/O Weaver escorted me to the Central Infirmary where L.V.N. G. Ferrer cleaned the cut and placed two butterfly bandages on the cut to hold the skin together and prevent it from bleeding any further. The L.V.N. placed gauze and medical tape over the bandages. After treatment at about 3:20, C/O Dietrich cut off the flexcuffs with the proper tool and placed my hands behind my back to handcuff me with metal handcuffs. He then escorted me back to "O" WING, 3RD Tier, Cell 345L.

- 3) A little later, C/O Dietrich came to my cell and told me in an irate manner that the Lieutenant wanted to speak with me. C/O Dietrich then placed me in handcuffs but did not properly lock the left cuff which caused it to tighten around the cut on my arm. (CCR Title 15, Div. 3, Sc. 4, Art. 1.5, Sec. 3268.2(b)(3) Mechanical restraints shall not be applied in a way likely to cause undue physical discomfort or restrict blood flow or breathing.) I explained to C/O Dietrich that the left handcuff was too tight. He stated that he would readjust it later. He then took me down to the 1st Tier to see the lieutenant.

When I arrived at the lieutenant's office, I was introduced to Lt. Burch and R.N. Greves for the purpose of a medical interview. During the interview, I explained to Lt. Birch that my arm was in a lot of pain and that I was losing feeling in my lower left arm because the cuff on my left arm was too tight. I asked him if he could please loosen it. He ordered me to stand up and turn around. After showing the lieutenant and nurse my arm they both had a shocked expression on their face. Lt. Burch, realizing he had no handcuff keys to loosen the cuff, opened the office door and ordered Sgt. Greer, who was standing outside the door, to readjust my left cuff so that I would regain circulation in my lower arm and ease the pressure off the cut (inflicted by C/O Dietrich) that was causing excruciating pain.

CONCLUSION

After this traumatic list of deliberate, gross, derelictions of duty that I experienced, psychologically and physically by the C/O's and supervisors mentioned in this statement, I was subjected to more torment and mental anguish directly inflicted by C/O Dietrich for a period of up to 14 days. Then I was re-housed away from C/O Dietrich and supervisors mentioned in this statement of facts. Further, I have experienced indirect taunting and reprisals by C/O's within the California Department of Corrections and Rehabilitation for seeking justice. I am suffering physical and psychological trauma on a daily basis as a direct result of the crimes committed against me on January 16, 2007. I am under psychiatric care and take medication to help me deal with the intense suffering I endured on January 16, 2007 and days following.
